Screw-in Thermometer with Connection Socket or Transmitter

Dimensions:
- Ø D = [ ] mm
- L = [ ] mm
- G = [ ] Thread

Connection Socket:
- Connection diagram see drawing A10102

Transmitter (Product: INOR / EMERSON):
- Connection diagram see Transmitter
- Measuring range: [ ] °C

Technical data:
- Standard: PT100 (Platinum 100 Ohm at 0 ºC) acc. DIN EN 60751
- Measuring insert: Single- or Double - PT100 / exchangeable
- Material: Stainless steel (Measuring insert)
- Connection head: Type DIN B / Aluminium die-casting / Protection IP54
- Test voltage: 500 VDC
- Useable up to: 550 ºC

Order - No.:
A10204 R. / A - DxL - G

Example:
- A10204 RR4 / B - 9x250 - G1/2"
  - RR4 = Type: 2PT100 / 4-wire (red / red - white / white)
  - B = Class B acc. DIN EN 60751
  - 9x250 = Dimensions: ØD = 9 mm / L = 250 mm
  - G1/2" = Thread G = G 1/2"
